

# OneX webiroda magyarázat

Ebben a rövid anyagban a OneX webiroda jelenleg elérhető funkcióit mutatom be, képekkel, magyarózó kiegészítésekkel. A később elérhető menükről (funkciókról) majd új anyagot készítek, addig ez is segíti az eligazodást. (A kulcsok használatáról később lesz részletes tájékoztató.)

Kelt: 2011. július. 07.

A OneX webirodádba a szokásos módon tudsz belépni:  
[www.QLxchange.com](http://www.QLxchange.com)

The screenshot shows the QLxchange website interface. At the top, there is a language selection dropdown menu labeled "Nyelv kiválasztása" and a small "Üzemeltető: QLxchange" logo. The main header features a gold coin on the left, the "QLxchange" logo in the center, and a silver coin on the right. Below the header is a navigation menu with links for "Home", "Company", "Products", "Opportunity", "Join", and "Login". The "Login" section is highlighted, showing a form with the following fields and labels:

- Username / Email: felhasználónév
- Password: jelszó

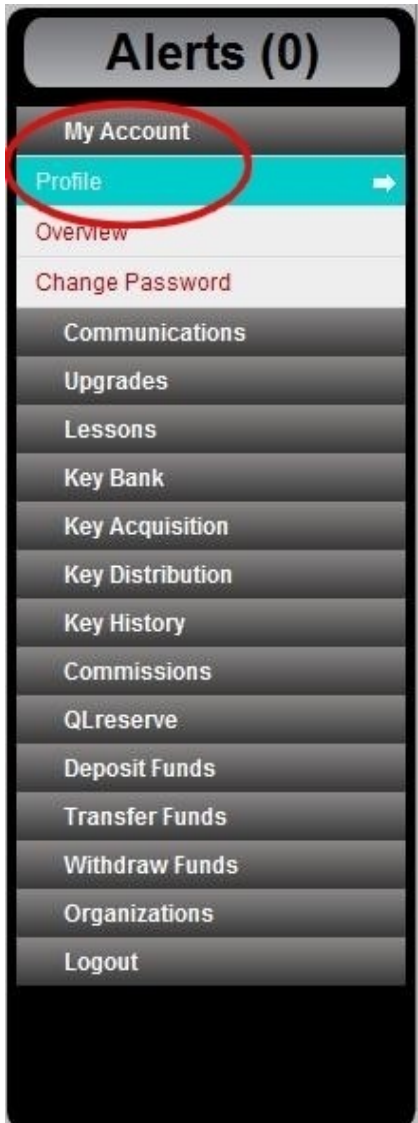

Below the form is a "Login" button. To the right of the form, there is a link labeled "érvénytelen felhasználónév frissítése". Below the "Login" button, there is a link labeled "új érvényesítő link küldése a már regisztrált e-mailre". To the left of the "Login" button, there is a link labeled "új jelszó küldése az e-mailre". At the bottom of the login section, there are three links: "Click here if you forgot your password", "Click here to resend verification email", and "Update Invalid Username".

Hello Members!

20:55 UTC - 6 July 2011

The lesson delivery system now works correctly. If you have upgraded by purchasing your first lesson, please check out your Stage One - Tier 1 product. It has been delivered under the section "Lessons" and menu "Your Product". We have deleted all support tickets on this issue.

05:00 UTC - 6 July 2011

The Key Bank pages will be available once we have tested everything with them. We know you are wanting to use them to build your business, so we are interested in making them available to you as soon as possible. We truly appreciate your patience!

01:00 UTC - 6 July 2011

The OneX Team Action Plan: We wanted to provide a few details so that you are kept informed about how we are moving forward with some internal issues. The following will help with some clarity to our 4 step action plan.

Item 1: We would like to announce that we are resetting ALL accounts to balances as of Friday night. Your account should be up to date for any funds that had been posted to your QLreserve Account prior to the commission run. This also includes any deposits that have been posted through the TransCharge payment gateway which remain posted and are reflected in your balance. The result of this action is that all members will simply have the ability to continue their marketing efforts while the IT staff works to correct a few glitches that were found in the process.

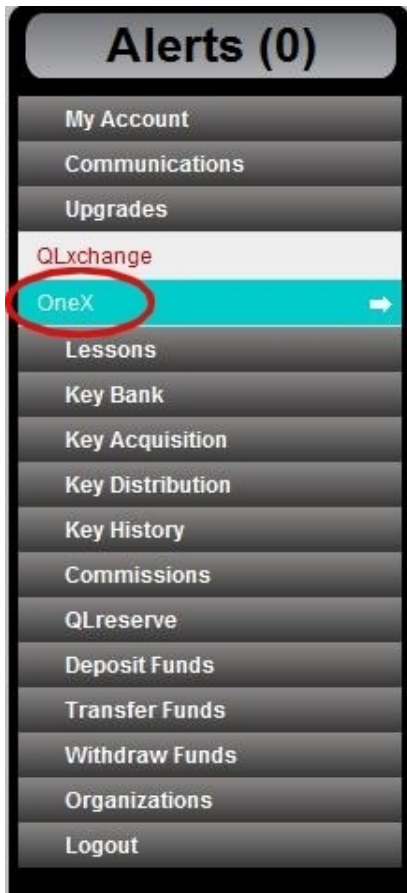

The specific issue was that some payments coming through SolidTrust Pay did not get applied successfully to member accounts. This, of course, would have meant that those members would not be part of the first commission run.

Item 2: All Member upgrades have also been reversed and funds have been credited back to your QLreserve account.

Item 3: Any member who had \$5.00 (or greater) in their QLreserve account, or an Activation Key, have been set to Tier 1. This means that any member with these funding elements is considered active for the commission run.

# Upgrades / OneX

frissítés, azaz a következő szint oktatási anyagának megvásárlása a feltöltött egyenlegből. Az első, azaz az 5\$-os csomagot neked kell kezdeményezned, egy vásárlási gombra való klikkeléssel. Ha már ez megtörtént, akkor jelzi, hogy már aktív tag vagy. Alapban a folyamatos és automatikus frissítés van beállítva a következő oktatási anyagokra, így egyetlen jutalékkodtól sem fogsz elesni.

## OneX Upgrades

Click the purchase button to advance to the next Tier. This process is paid for by funds in your QLreserve account.

## Frissítés a OneX Programba

Ha a fenti zöld kiírást látod, akkor már aktív tag vagy, megvetted az első oktatási anyagot.

Ha nem ezt a kiírást látod, akkor klikkelj a gombra, így veszed meg az első oktatási anyagot, ha fel van töltve a belső egyenleged.
